Book 4 of 7: Ein Fall für Redmond und Haze

Die Idylle von Birch Hill wird jäh zerstört, als die Leiche einer jungen Dame aus gutem Hause in einem Wohnwagen der Romani gefunden wird. Als kurz darauf eine weitere Dorfbewohnerin spurlos verschwindet, müssen Inspector Haze und Captain Redmond die Ermittlungen aufnehmen.

Doch der Fall erweist sich als Labyrinth aus Lügen, tief sitzenden Vorurteilen und geschickt gelegten falschen Fährten. Ohne klare Verbindung zwischen den Opfern, ohne ersichtliches Motiv und mit nur wenigen Spuren stehen die Ermittler vor ihrer bislang größten Herausforderung.

Können sie den Täter entlarven, bevor dieser erneut zuschlägt?

## Our 6-Stage Production Process

Every book passes through all six stages. Stage 1 is your choice - AI-assisted (~4 hours) or fully human (2-5 months). Stages 2-6 are identical for both tiers.

## Does a Translation Make Sense for You?

You are a strong fit if:

- You have strong US/UK reviews.
- You write fiction (Romance, thriller, fantasy).
- Your books have ratings of at least 4.0.
- You want an additional income stream.

**If the answer to all four is yes, the German market is statistically profitable for you.**

## Key Insights

- Series fiction performs best long-term.
- German Amazon ads cost less than US/UK ads and convert well.
